COURTS eFILING

SECURE PORTAL FOR ELECTRONIC CASE AND PAYMENT HANDLING

Process submitted cases, documents, communications, and filing fees electronically

Fully integrated with InfoShare® Court Case Management, the Courts eFiling module provides an easy to use and convenient 24x7 system for filers of all case types. Carefully crafted to guide filers through case creation, supplemental document filing, attorney substitutions, and all aspects of today's cases. Electronic notifications and communications are provided, and filing fees are handled through a secure online payment process.

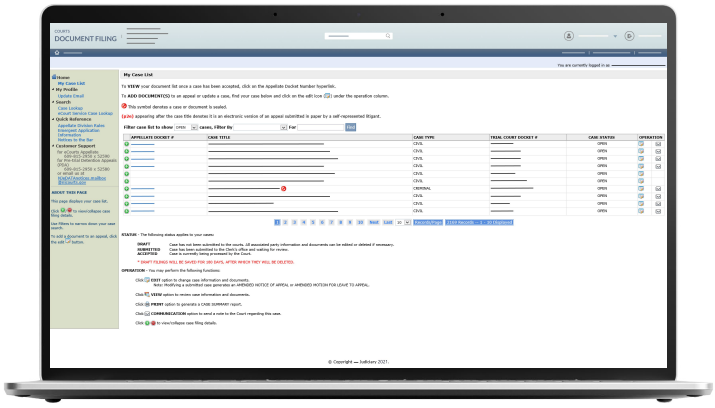

FEATURES

ELECTRONIC DOCUMENT FILING

A fully synchronized Portal allows filers to create and upload documents online anytime, anywhere. Documents are submitted to the Court for review immediately after filing and date/time stamped with the status. Parties have access to case documents filed by other parties.

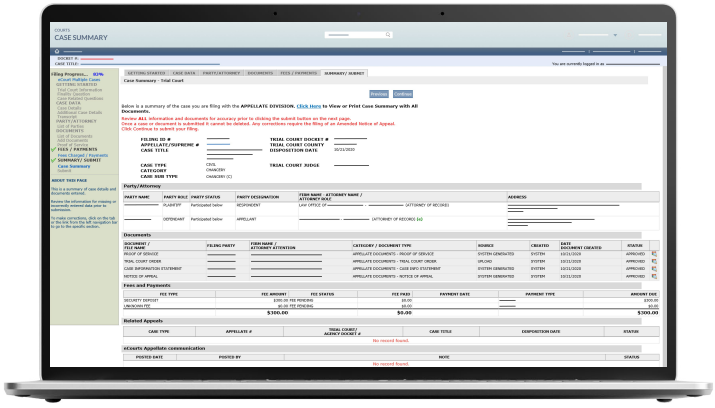

- Document status updates for filers
- Other parties served electronically
- No delivery delays
- Integrated document management system

EASE OF CASE PROCESSING FOR COURT STAFF

eFiled documents are pre-sorted into staff inboxes allowing for efficient case processing. Case and document statuses are automatically updated for the filer. Electronic document transfer and storage minimizes physical file handling.

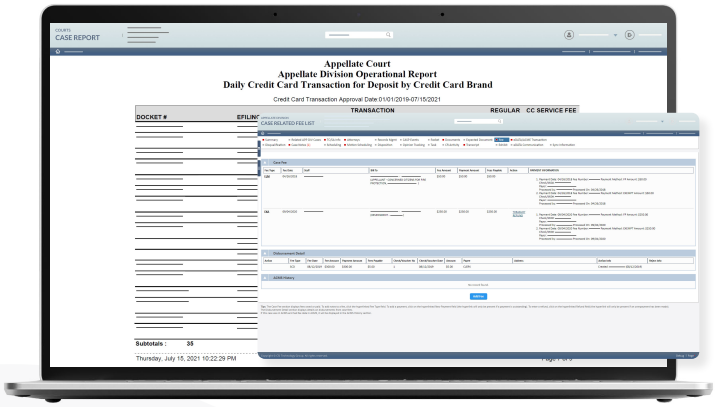

- Streamlined case workflow
- Immediate document review and status assignment
- Electronic file stamping and synchronization
- Built-in electronic communications

CREDIT CARD PAYMENT HANDLING

Easily pay fees by credit card, eliminating time consuming check handling done by court staff. Comprehensive audit trail records allow for easy tracing of any payment. A full suite of reports is included for accounting purposes.

- Detailed audit trail records
- QuickBooks interface
- Financial reporting
